Re: Response of Scalise for Congress in RR 11L-27

Dear Mr. Jordan:

This Response is submitted by the undersigned on behalf of Scalise for Congress ("the Committee") and in response to your letter dated October 21, 2011.

Per your letter, the Committee has been referred to the Federal Election Commission's Office of General Counsel for accepting four contributions that were given in the name of another during the 2007-2008 election cycle. As noted on Form 99 submitted by the Committee on June 21, 2011, the Committee had no knowledge that these contributions were given in the name of another until June 15, 2011, when the Committee was contacted by one of the donors. Once notified, the Committee immediately began the process of disgorging the contributions in question. All of the contributions have been fully disgorged from the Committee.

As with all contributions received by the Committee, the Committee used the procedures and best practices in accordance with the regulations and recommendations of the Federal Election Commission. These contributions did not appear to be improper on their faces and the Committee had no reason to believe that they were improper until notified otherwise. Once the nature of these contributions came to light, the Committee swiftly took action to remedy the situation.

Please feel free to contact me if you have any questions or require any additional information.

Sincerely,

William Vanderbrook
Treasurer, Scalise for Congress
